

Agenda

Micro Gas Turbine (MGT) Meeting

Future strategy for deployment

31 March 2017
Brussels, Belgium

Meeting objectives

The objectives of the meeting are to discuss the progress done by the ETN MGT Working Group since its establishment in 2014 and to explore the future strategy of the WG in order to ensure a technology deployment in the future and to agree on a common roadmap.

09:00 – 09:15

Welcome and Introduction

09:15 – 11:00

ETN MGT activities: progress and results

- **EUSEW (EU Sustainable Energy Week) 2016**
Micro-Gas Turbines put a new spin on green energy production
- **ETN submitted comments to the EU Strategic Energy Plan**
- **SET-Plan Updates**
 - Action 4: Increase the resilience, security and smartness of the energy system
 - Action 5: Energy Efficiency in Buildings
 - Action 6: Energy Efficiency in Industry

11:00 – 11:15

Coffee Break

11:15 – 12:30

- **Renewable Heating and Cooling Technology Platform**
 - Biomass Panel

MGT Technology Summary

- **Overview and Feedback**
- **Dissemination and Use**

12:30 – 13:15

Lunch

13:15 – 15:30

MGT Advocacy Strategy and way forward

- **ETN proposed strategy to secure R&D opportunities and technology developments**
 - Active involvement in EU Technology Platforms
 - Partnering with other energy stakeholders
 - MGT events organisation

Overview of the upcoming Horizon2020 Work Programme 2018-2020

15:30 – 16:00

Conclusions and next steps

Meeting Venue

ETN office

Chaussée de Charleroi, 146-148/20
1060 Brussels
