6 NEW MEMBERS JOIN ETN

ACTE (Belgium), Aurelia Turbines (Finland), CERTH (Greece), HiETA Technologies (United Kingdom), Mälardalen University (Sweden) and TNB (Malaysia) are the new members joining ETN in September. The total number of our network now counts 118 members coming from 24 different countries.

OCTOBER WORKSHOP WITH MANY SIDE MEETINGS KICKS OFF NEXT WEEK!

2 days' Workshop with keynote sessions and Technical Committee meetings

ETN 2017 Workshop will take place on 4 and 5 October, hosted by our sponsors Ansaldo Energia and University of Genoa. The venue for the Workshop Day 1 & 2 is Villa Cattaneo dell'Olmo, premises of the Ansaldo Foundation (Corso Ferdinando Maria Perrone 118, 16152 Genoa). Ansaldo Energia will also kindly host a Gala Dinner on 4 October at Aquarium of Genoa. Check the updated agenda and more information [here](#).

High Level User meeting

The High Level User meeting will be held on 3 October at 14:00-18:00. The meeting is hosted by the University of Genoa in the "Sala della Presidenza", Scuola Politecnica (Villa Cambiaso via Montallegro 1, 16145 Genoa). The GT Users will discuss on ETN's future strategy and activities, in particular the engine-specific User Groups and R&D projects.

IGTC 2018 Conference Advisory Board meeting

The members of the Conference Advisory Board (CAB) had their first teleconference meeting on 22 September discussing technical topics for the call for papers for the International Gas Turbine Conference in October 2018. The CAB members will hold another meeting in Genoa on 4 October at Ansaldo Foundation from 09:00-11:30. The aim of this meeting is to discuss the keynote and panel sessions as well as to finalise the topics for the Call for Papers of IGTC 2018, which will be published on 12 October.

Micro Gas Turbine meeting

The Micro Gas Turbine meeting will take place in the premises of Ansaldo Foundation on 4 October at 8:30-12:00. The participants will discuss the cooperation with the ISO TC 192 regarding the development of the standard ISO 19372 “Microturbines applications – Safety”.

ETN and US Department of Energy cooperation meeting

A smaller meeting is scheduled for Thursday afternoon on 5 October between ETN members, representatives of US Department of Energy and representatives of the Department of Energy and Climate Change (DECC) in the UK. The aim is to discuss about potential cooperation on research and development programmes in the framework of the US-UK Collaboration Programme

Air Filtration WG meeting

The Air Filtration Working Group will organise a meeting on 6 October, one day after the closing of Workshop. The meeting is scheduled at 8:30-15:00, and the WG will discuss the cooperation with the ISO TC 142 regarding the development of the standard ISO 29461 – “Air intake filter systems for rotary machinery – Part 5: Test methods for static filter systems in marine and offshore environments”. Also this meeting will take place at Ansaldo Foundation.

ETIP SNET DRAFT IMPLEMENTATION PLAN ACCESSIBLE ON ETN WEBSITE

As reported in the previous Monthly News Summary, ETN submitted comments on the ETIP SNET draft Implementation Plan in July. The draft Implementation Plan 2017-2020 can be now accessed on the [ETN website](#) under the “SET PLAN updates – Action 4”.

NEW WEBSITE TO BE LAUNCHED SOON

Earlier this year ETN started working with a new project – a brand new website. The development has reached its final stage and we are excited to share the outcome with our members in the upcoming weeks. The launch date will be announced soon – stay tuned!

CHANGES WITHIN THE ETN OFFICE

Matthieu Pawlik will start working at the ETN office on 2 October replacing Ignacio Lescano Carroll as Technical Project Officer. Matthieu is a French national with a background in general engineering and a PhD in micro and nanotechnologies with a focus on solar cells. Before joining ETN he was working in Singapore as a postdoc in material science to study new materials for thermal management purpose. Matthieu will be in charge of coordinating the engine specific User Groups and will support technical projects and developments.

"I would like to thank the ETN team in Brussels for their warm welcome. It is my pleasure to join ETN and to pursue the work that has been done for the development of the gas turbine industry. I am looking forward to meeting you all during the next events and projects."

You can contact Matthieu at mp@etn-gasturbine.eu. He will also be present at the ETN 2017 Workshop in Genoa.
