

ETN MONTHLY NEWS SUMMARY

JANUARY 2018

IN THIS ISSUE:

- AGM & Workshop: 14-15 March 2018 in Bucharest
 - 14 March: AGM
 - 15 March: Workshop
- Project Board & TC Chair meeting and CAB meeting
- Educational courses
- Changes within the ETN office
- 10th Annual SET-Plan Conference
- Upcoming events

AGM & WORKSHOP: 14-15 MARCH 2018 IN BUCHAREST

ETN Annual General Meeting (AGM) and Workshop will take place 14-15 March 2018 in Bucharest, Romania, kindly hosted by our member COMOTI.

14 March: AGM

The first day is dedicated for the AGM, which will be held at the Athénée Palace Hilton Bucharest hotel in the historic “Le Diplomate Ballroom”, recognised as a National Heritage site. The AGM will start at 12:00 with a welcome lunch and registration, followed by a plenary session and a gala dinner in the evening. At this year’s AGM the ETN Board election for 2018-2020 will also take place.

15 March: Workshop

The ETN Workshop will be held on 15 March in the premises of University Politehnica of Bucharest. A bus transfer will be organised from the Athénée Palace Hilton hotel to the meeting venue. The Workshop programme will start in the morning with a plenary session, followed by ETN’s Technical Committee meetings.

Registrations for the AGM and Workshop will open this Friday; more information about the agenda and accommodation coming up in the next days!

PROJECT BOARD & TC CHAIR MEETING AND CAB MEETING

ETN Project Board and Technical Committee Chairs & Co-chairs met in Brussels on 23 January 2018 to discuss the projects and activities within ETN. The Conference Advisory Board (CAB) meeting for the 9th International Gas Turbine Conference took place on 24 January 2018, also in Brussels. The CAB members completed the second round of abstract reviews for the IGTC-18 and discussed the conference programme for 10-11 October 2018.

EDUCATIONAL COURSES

ETN is collecting information about open technical gas turbine courses, given by our members, in order to promote and share the knowledge and experience of our community. The courses will be advertised on the ETN website and at our events. If your organisation is arranging a course that is relevant for the ETN community, please contact Noora Kilpinen nk@etn-gasturbine.eu with the following information:

- Course name, dates and number of sessions
- A short description of the content (+ link to the website if description available online)
- Location (please mention if remote participation is possible)
- Pre-requirements (if any)
- Number of attendees (minimum/maximum)
- Price

CHANGES WITHIN THE ETN OFFICE

Valentin Moëns joined our team in January as a new Technical Project Officer, replacing Matthieu Pawlik. Valentin is a Belgian mechanical engineer with specialisation in energy and aeronautics, and his background also includes responsibilities among a European engineering student association. He will be coordinating the Engine Specific User Groups and supporting technical projects within ETN. You can contact Valentin at vm@etn-gasturbine.eu.

"I am enthusiastic towards encountering the challenges faced today in the gas turbine industry and participating in ETN's development! I am looking forward to meeting you all and to collaborating on ongoing and future projects."

10TH ANNUAL SET-PLAN CONFERENCE

ETN participated in the SET Plan – Central European Energy Conference on 29 November - 1 December 2017 in Bratislava, Slovakia. The conference, organised by the European Commission, gave a full overview of the status of the Strategic Energy Technology Plan and the way forward, allowing side meetings between the representatives of the stakeholders and the EU Member States involved in the SET-Plan actions. ETN has actively contributed to several actions carried out within the [SET-Plan](#) and closely follows the updates and developments. The presentations from the conference are available via [this link](#).

UPCOMING EVENTS:
