

# ETN MONTHLY NEWS SUMMARY

## AUGUST 2018

### IN THIS ISSUE:

- IGTC-18: still time to register
  - Deadline for room reservations: 8 September!
  - High-Level User Meeting
  - Welcome reception
  - US-UK collaboration meeting
- Additive Manufacturing Working Group
- Middle East Rotating Machinery Conference
- Gas Turbines for Future Energy Systems event
- Summary of the SET Plan Action 6 Workshop
- European Commission's public consultation on greenhouse gas emission reductions
- Upcoming events

### IGTC-18: STILL TIME TO REGISTER

ETN's 9<sup>th</sup> International Gas Turbine Conference – The Future of Gas Turbine Technology will take place on 10-11 October 2018 at Le Plaza Hotel in Brussels, Belgium. Registrations are open through our new [event registration platform](#). Please make sure to log in or create your user credentials to benefit from the reduced fee for ETN members.

### Deadline for room reservations: 8 September!

We have negotiated rates for rooms at the conference hotel, available **only until 8 September 2018** on first come, first served basis. To book your hotel room, please fill the [Hotel Booking Form](#) and send it directly to Le Plaza Hotel to [reservations@leplaza.be](mailto:reservations@leplaza.be). **We would recommend you to reserve a room quickly, as many hotels nearby are reaching their capacity due to other events taking place in Brussels during the same week.** Room reservations can be cancelled without charges until 24 hours prior to the arrival date.

### High-Level User Meeting

ETN's High-Level User Meeting will be held in the afternoon of 9 October 2018 in Brussels, one day ahead of the IGTC. For more information about this User-only meeting, please contact Valentin Moëns: [vm@etn.global](mailto:vm@etn.global).

### Welcome reception

ETN invites all our members attending the IGTC to join us for a small welcome reception in the evening of 9 October. The reception will be organised at the ETN office where you will also have the possibility to collect your badge and other documentation for the conference.

### US-UK collaboration meeting

A conference call was held in August between the US DoE, US GTI and ETN to discuss cooperation and to plan for a joint meeting in conjunction with our IGTC-18 in October.

### ADDITIVE MANUFACTURING WORKING GROUP

Regular teleconference calls are currently being held among ETN's Additive Manufacturing Working Group members to discuss the initiatives within this newly established group. The next meeting will take place in Brussels on 12 October in conjunction with the IGTC-18. Please contact Valentin Moëns at [vm@etn.global](mailto:vm@etn.global) for any questions about the Working Group or upcoming meetings.

### MIDDLE EAST ROTATING MACHINERY CONFERENCE

The Middle East Rotating Machinery Technology & Innovation Conference will be held on 25-27 September 2018 in Dubai, United Arab Emirates. ETN President Bernard Quoix will be the first keynote speaker of the conference. Our members are entitled to a 15% discount for the registration fee and 20% discount for the exhibition stand through a dedicated [registration link](#). The latest conference programme is available on [our website](#).

### GAS TURBINES FOR FUTURE ENERGY SYSTEMS EVENT

The Topic Oriented Technical Meeting (TOTeM 45) on "Gas Turbines for Future Energy Systems" is taking place on 3-4 September 2018 at the Cardiff University, UK. This two-day event is organised by IFRF and the Gas Turbine Research Centre (GTRC) of Cardiff University, and its speakers include several ETN members. More information about the event can be found [here](#).

### SUMMARY OF THE SET PLAN ACTION 6 WORKSHOP

Summary Report of the SET Plan Action 6 cooperation workshop on "Continuing efforts to make EU industry less energy intensive and more competitive", which took place on 27-28 June 2018 in Brussels, is now available on [our website](#) under the "Action 6 – Energy efficiency in industry" section.

### EUROPEAN COMMISSION'S PUBLIC CONSULTATION ON GREENHOUSE GAS EMISSIONS

European Commission's public consultation on the strategy for long-term EU greenhouse gas emission reductions is still open. Contributions should be sent by 9 October 2018 via [this link](#).
