

ETN webinars & calls Calendar for autumn 2020

The calendar below lists some of the main activities for the autumn and will be updated periodically.

SEPTEMBER		
29	<u>Flexible Power Generation webinar: 1st episode</u> <i>“Challenges and opportunities for flexible power generation in the future energy scenario”</i>	12:00-13:00 CET
29-30	<u>LM2500 User Group Meeting</u>	13:00-17:00 CET
OCTOBER		
1	<u>LM2500 User Group Meeting (continues)</u>	13:00-17:00 CET
2	Young Engineers Committee meeting	15:30-17:00 CET
5	Supercritical CO ₂ WG meeting	16:00-17:00 CET
6-8	<u>SGT-A35 User Group Meeting</u>	13:00-17:00 CET
13	<u>High-Level User Meeting (HLUM)</u>	13:00-16:00 CET
13-14	ROBINSON project kick-off meeting	Morning (CET)
14	Additive Manufacturing WG – AM Equipment Evaluation	15:30-17:00 CET
15	<u>Technology needs and developments for a low-carbon society – bridging session to IGTC 2021</u>	14:00-16:00 CET
16	Young Engineers Committee meeting	15:30-17:00 CET
tbc	Additive Manufacturing WG – AM Roadmap & Best practices	tbc
20	<u>Gas turbines in a carbon-neutral society – bridging session to IGTC 2021</u>	14:00-16:00 CET
21	ETN Board meeting	9:00-11:00 CET
22	Supercritical CO ₂ WG meeting	16:00-17:00 CET
26	Hydrogen WG meeting	16:00-17:00 CET
27	IGTC Conference Advisory Board meeting	16:00-17:00 CET
NOVEMBER		
3	<u>Flexible Power Generation webinar: 2nd episode</u> <u>FLEXnCONFU project – “Power-to-X-to-Power solutions for flexible, carbon-free and efficient energy generation”</u>	12:00-13:00 CET
12	ETN Board meeting	14:00-16:00 CET
tbc	Young Engineers Committee meeting and panel session	tbc
17 (tbc)	SGT-A35 User Group follow-up meeting	14:00-16:00 CET
tbc	ETN Project Board meeting	tbc
DECEMBER		
1	Flexible Power Generation webinar: 3 rd episode HYFLEXPOWER project	12:00-13:00 CET
8-9	ETN Board meeting	tbc
