ETN High-Level User Meeting

“Efficient, flexible and low carbon pathways towards net-zero solutions”

28-29 September 2022

ETN’s High-Level User Meeting is an invitation-only meeting arranged in conjunction with ETN’s October Workshop. This meeting is your opportunity to highlight areas of interest for cooperation when it comes to gas turbine operation and related future pathways to meet your strategic 2030 goals. Consolidated prioritised feedback will be presented to the ETN General Assembly at the following workshop (12-13 October, Berlin) for a deeper discussion on technical feasibility, cooperation opportunities and roadmaps to be implemented into ETN’s future strategy and activities.
