3. Horizon Cluster 5 Calls .....	2
4. AoB.....	2
5. Actions list .....	2

## 1. New CCUS Master Thesis

NC provided a short overview on the new CCUS Master Thesis, entitled “[CCGT Efficiency Penalty](#)”, planned to start in September 2025.

The Young Engineers Committee is identifying an appropriate Master student. CG also expressed the interest of RWTH Aachen in involving one Master student for this Thesis project.

The CCUS WG will support this activity, by providing monthly feedback to the Master student.

## 2. Webinar episode in November

NC provided feedback on the organisation of the next webinar. Whilst Equinor may present the results of the Northern Light Phase 1 in Q1/2026, no responses were received by Exxon Mobil.

## 3. Horizon Cluster 5 Calls

NC presented a new Horizon Cluster 5 Call on “New CO<sub>2</sub> capture technologies”. More information on the scope, financials, and deadline of the Call can be found [at this page](#).

## 4. AoB

The WG agreed to develop a database of CCUS technologies, using the latest Global CCS Reports.
