

ETN- IGTC Brussels, October 10-11, 2018
Keynote session 4:

Digitization at MAN to Optimise and Reduce Cost of Operations

Digitized Solution from Development to Operation

Toward a Decarbonized Future

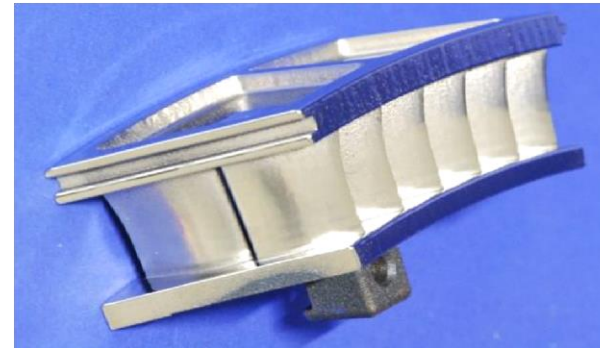

Hybrid Solutions:

Plant layout and optimization with renewables

Additive Manufacturing:

3-D printed parts in operation

Condition Based Maintenance:

Prime Serve Assist for full monitoring of customers' data

powered by MAN CEON

Digitization at MAN. To optimize

- development and design
- manufacturing
- operation
- maintenance
- spare parts management

MAN's digitised solution to serve our clients around-the-clock.

Disclaimer

All data provided in this document is non-binding.

This data serves informational purposes only and is especially not guaranteed in any way.

Depending on the subsequent specific individual projects, the relevant data may be subject to changes and will be assessed and determined individually for each project. This will depend on the particular characteristics of each individual project, especially specific site and operational conditions.

Thank you very much!
